Maybe even better than free.

File is free to use with no gotchas and no hidden fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! On theother hand, using file can actually save you money. No account or credit card is required to get started. You can upload any type of file (movies, music,documents, images, zip files and more). We have no file size limit. So try our free and simple filehosting service now. It is also allowed to link to the downloadpage from websites and communities. Files can be downloaded from any computer from our high speed servers. Any file in any format can be uploaded anddownloaded for free. Unfortunately, we can't make that part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. The cost of that data transfer is covered by your internet service orthe data plan on your phone. There are no restrictions on the number of times a file can be downloaded. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. Just upload the file you want to share with your friends and we send you a download link to your file. Using file,you can circumvent those limits without paying to upgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgottenabout, eventually costing you money in data storage fees. Our service is completely free for everyone. You decide who you want to share your files with.Simply upload your file and share the link. filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast and reliablefilehosting! You don't need any kind of premium-accounts. Keep your files private, or send your download links only to friends or family. You don't need anyspecial software installed to be able to download your files. Alternatively you can choose to share your download links on blogs, forums and social networkingsites. You can give this download link to your friends by mail or instant messenger.
