So try our free and simple filehosting service now. If only we could, we surely would! On the other hand, using file can actually save you money. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Unfortunately, we can't make that part free. Using file, you can circumvent those limits without paying to upgrade your team chat service. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. You decide who you want to share your files with. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. There are no restrictions on the number of times a file can be downloaded. File is free to use with no gotchas and no hidden fees. Itis also allowed to link to the download page from websites and communities. Any file in any format can be uploaded and downloaded for free. This is easy, fastand reliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you sharea file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. filehosting provides an easy possibility for you to send large files to your friends. The cost of that data transfer is covered by your internet service or the data plan on your phone. Keep your files private, or send your download links only to friends or family. No account or credit card is required to get started. Just upload the file you want to share with your friends and we send you a download link to your file. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. You can upload any type of file (movies, music, documents, right files and more). Our service is completely free for everyone. You can give this download link to your friends by mail or instant messenger. Fi
